Profile

Skilled in separation of concerns, I write well-structured code with clear and concise comments. I'm proficient at performance optimization techniques, ensuring fast loading times and adherence to SEO best practices. Committed to accessibility, I build websites that comply with WCAG guidelines.

I'm driven by a constant desire to learn and explore the latest advancements in web technologies. My passion lies in understanding how technical aspects translate into real-world functionalities. I'm a quick learner who thrives in collaborative environments.

Experience

2023

Marketing Puzzle

Intern

- Developed responsive websites utilizing HTML, CSS, and JavaScript, ensuring optimal user experience across various devices.
- Followed the most effective SEO practices to enhance website visibility in search engine results.
- Created interactive features, independent of the browser, to enhance user engagement and increase conversion rates.
- Conducted usability testing and implemented further improvements to optimize user experience.
- Collaborated effectively with team members to translate ideas into tangible solutions and maintain seamless project execution.
- Analyzed website performance data to identify areas for improvement and implemented targeted solutions.

Skills
